TOPIC	
Our project this term is:	Through the Ages
In the Through the Ages project, your child will learn about three different periods of British prehistory: the Stone Age, Bronze Age and Iron Age. They will discover terminology relating to time and sequence dates to make a timeline. They explore the changes to people, homes and lifestyle throughout the different periods and investigate examples of prehistoric settlements, monuments, burials and artefacts in detail. They will also study how technology improved over time, including how the discovery of different metals changed the way that people lived.	
D&T	Cook Well, Eat Well
Art	Contrast and Compliment, Prehistoric Pots
Geography	One Planet, Our World
Science	Animals Including Humans
History	Stone age, Bronze age and Iron age

How you can help at home for this project
Start your learning journey at home! Why not Create a timeline to put the following periods of prehistory into chronological order: Bronze Age, Iron Age and Stone Age (including the three periods of the Stone Age, Neolithic, Palaeolithic and Mesolithic). Use the internet or information books to find the approximate dates

for each period. Who was the Cheddar Man, and what does he tell us about life in prehistoric times? Visit the Natural History Museum website to find out the answer to this enquiry question. Record key information that you learn about the Cheddar Man on a mind map. Expand on the information in your mind map by writing a detailed answer for the enquiry question.

Attached to this letter is our Knowledge Organiser which gives you more information about what we will be learning about.

Yours sincerely,

Mrs Hanrahan
